How To Plant Rose Bushes In A GrowBox?

Growing Tips · https://www.agardenpatch.com/customer-center/how-to-plant-rose-bushes-in-a-growbox/

You can easily grow roses in the GrowBox! Plant one or two plants per GrowBox.

To do this, **use holes 3 and 16** if planting two rose plants, or, use **hole 9** if planting one.

For northern climates, replace your Nutrient Patch annually. If you live in the south, replacing your Nutrient Patch twice a year is recommended.
