What Do I Do With My GrowBox In Cold Weather Climate Winter?

Off Season / Storage · https://www.agardenpatch.com/customer-center/what-do-i-do-with-my-growbox-in-cold-weather-climate-winter/

There's no need to move your GrowBoxes out of the weather. Just remove and discard the Nutrient Patch cover and scoop out the fertilizer remnants. Let Mother Nature rinse and compost the soil and old roots over the winter for an even better crop next season.
